

ONSONG

Backup and Restore

Make sure you are always ready

Backup

- Things go wrong.
Lost, stolen, break, corrupted, etc.
- Synchronizing with iTunes stores a backup
- Not always ideal since it's your entire iPad
- OnSong can export a backup file
- Stores songs, sets, settings, everything
- Save in a safe but accessible place

Restore

- Locate a backup file made by OnSong
- Import the file as you would a song file
- OnSong restores your library just the way it was
- Will overwrite your current library
- Useful to transfer to a new iPad
